Welcome to the military. I'll be your training instructor for now until you are ready to take control of your ranks. And remember, the Navy Fleet Admiral, me, is over all of you, so you need to respect him.(me)If you have any questions, ask.

Without the Navy you wouldn't have backup support. Also, you wouldn't have transportation. Also, the Navy has it's own planes that control the skies too, so ha! Lastly, the Navy has the most elite team on the planet, the SEALS. They are called the NAVY SEALS for a reason. I myself am a SEAL. Well, in my imagination that is...

Ha! Your planes control the airs above water. Mine mostly go above land. So you stick to *your* side and I'll stick to mine before this becomes war.

The SEALs own all Sea, Air, and Land. That is why they are called SeALs. The e and the s mean nothing. Also, the Fleet Admiral is designated to be commandent of the whole military. There is rarely a Fleet Admiral. Also, you guys need to be trained before you can become the actual commandent's of your groups. Meanwhile, I control all of your groups.
